Again the ventriloquist said: "I say, where is you all takin' me?" This time the boy was satisfied that the turtle had been gifted with a miraculous power of speech, and instantly dropped it on the sidewalk in consternation, claiming: "I isn't a-takin' you-all nowhar. I has done dropped you!"

Rear Admiral Sperry, commandern-chief of the fleet returned from its triumphant sail around the world, sometimes has serious spells of absent mindedness. Several years ago he was talking with a group of fellow officers at the Naval War college at Newport, when one of them remarked that he had been ordered for duty on the Asiatic station.

'Are you going to take your wife with you?" Admiral Sperry inquired. "No," the officer replied.

"I think you are making a serious mistake," the admiral continued in positive terms. "I was out there in 1876 when an epidemic of cholera broke out, and hundreds of people died."-Sunday Magazine.

CLASS THAT HUBBY WAS IN.

Possibly Wife Did Not Mean It Just That Way, But There It Was.

A husband and wife ran a freak show in a certain provincial town, but unfortunately they quarreled, and the exhibits were equally divided between them. The wife decided to continue business as an exhibitor at the old address, but the husband went on tour.

After some years' wandering the prodigal returned, and a reconciliation took place, as the result of which they became business partners once more A few mornings afterward the people of the neighborhood were sent into fits of laughter on reading the following notice in the papers:

By the return of my husband, my stock of freaks has been permanently increased."

NEW IDEA Helped Wis. Couple.

It doesn't pay to stick too closely to old notions of things. New ideas often lead to better health, success and happiness

A Wis, couple examined an idea new to them and stepped up several rounds on the health ladder. The husband writes:

"Several years ago we suffered from coffee drinking, were sleepless, nervous, sallow, weak and irritable. My wife and I both loved coffee and thought it was a bracer." (delusion.)

"Finally, after years of suffering, we read of Postum and the harmfulness of coffee, and believing that to grow we should give some attention to new ideas, we decided to test Postum.

"When we made it right we liked it and were relieved of fills caused by coffee. Our friends noticed the change -fresher skin, steadier nerves, better temper, etc.

"These changes were not sudden, but relief increased as we continued to drink and enjoy Postum, and we lost the desire for coffee. -

"Many of our friends did not like Postum at first, because they did not make it right. But when they boiled Postum according to directions on pkg., until it was dark and rich, they liked it better than coffee and were benefited by the change." "There's a Reason.

Face and Neck Were Raw-Terrible Itching, Inflammation and Soreness -All Treatments Failed.

Cuticura Proved a Great Success.

Eczema began over the top of my It cracked and then began to spread. I had three different doctors and tried several things, but they did me no good. At last one side of my face and my neck were raw. The water ran out of it so that I had to wear medicated cotton, and it was so inflamed and sore that I had to put a piece of cloth over my pillow to keep the water from it, and it would stain the cloth a sort of yellow. The ec zema itched so that it seemed as though I could tear my face all to pieces Then I began to use the Cuticura Soap and Ointment, and it was not more than three months before it was all healed up.
